

What is new on the T4A GPS Maps – Traveller's Africa 22.10

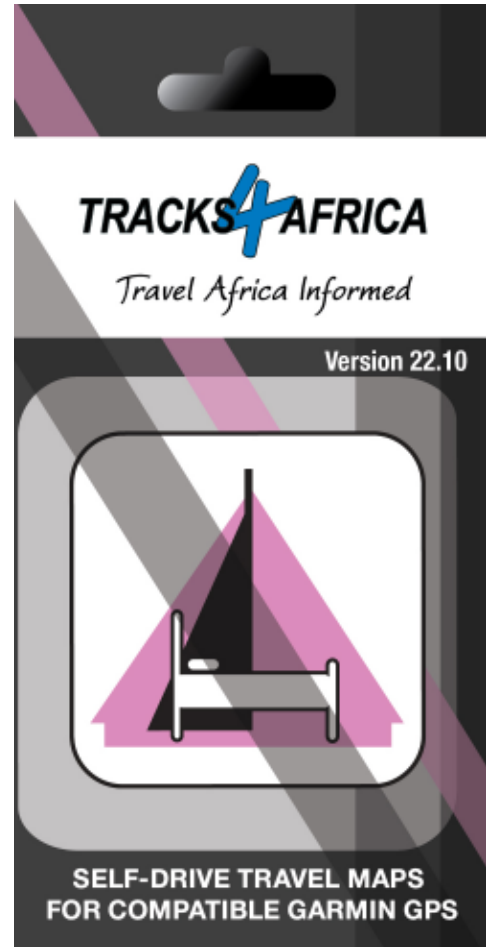

T4A GPS Maps 22.10 comes preloaded on a **micro SD** card with standard adapter, ready for **Plug & Navigate**. This SD card can be used on most map capable **Garmin** units and has been tested with latest Drive models as well. ***This product is not compatible to iGO in car navigation systems, Android or iOS devices.***

The SD card also contains **installation files for PC and Mac** users who want to install the maps on their computers for trip planning or for transferring maps to older Garmin units such as the 276c, 76csx, previous generation eTrex, etc.

The map growth is organic in nature. We processed **267 data submissions for version 22.10**. These data submissions not only contribute more roads and POI's to the map, it also improves the quality of existing data by means of corrections. The overall road coverage has increased by **1.2%** from **22.05**.

Map Coverage

- **1 398 755km** of roads, detailed tourist coverage and fully navigable (1.2% increase from 22.05)
- **257 595** points of interest (41.5% increase from 22.05)
- Most complete and detailed **protected areas (national parks, game reserves, private nature reserves etc.)** in Africa – **2 592 parks** in total.
- **17 797 accommodation** listings (1% up from 22.05)
- **4 628 camp sites**, **[the most complete camping data base in Africa](#)** (1.5% up from 22.05)

- **8 264 places to eat or drink** (up 5.5% from 22.05)
- **15 280 fuel stops** (4.4% up from 22.05)

Change log from selected data submissions

We are busy to create detailed paper maps of the Southern Coast of South Africa. As part of this project we imported **farm boundaries and farm names into our South African data set**. The large growth of points of interest are largely due to this inclusion.

There was again a focus on updating **fuel stop data** for countries like **Namibia, Botswana, Malawi and Zimbabwe**. Our fuel stop data grew by 4.4% as a result of this project.

Further enhancements include the upgrade of street level data for **various towns in Zimbabwe**. These include Kwekwe, Banket, Bindwa, Norton, Gweru, Chegutu, Chinoyi, Plumtree and Figtree.

In **East Africa** we also did an update of new road surfaces.

We updated and added mountain range names **across Africa**.

Tracks4Africa 22.10 Specific Updates

General

- South Africa farm boundaries and names added
- Fuel stop data in Namibia, Botswana, Malawi and Zimbabwe updated
