

What is new on the T4A GPS Maps – Traveller's Africa 23.05

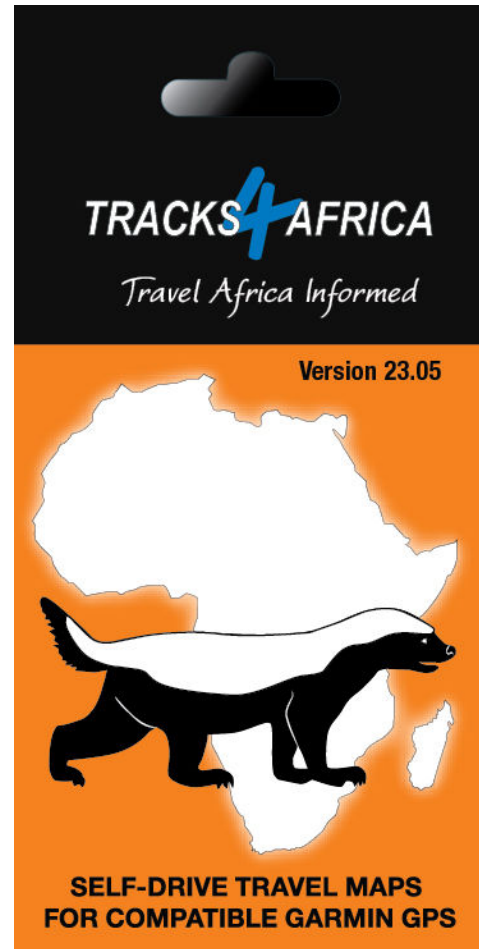

T4A GPS Maps 23.05 comes preloaded on a **micro SD** card with standard adapter, ready for **Plug & Navigate**. This SD card can be used on most map capable **Garmin** units and has been tested with latest Drive models as well. ***This product is not compatible to iGO in car navigation systems, Android or iOS devices.***

The SD card also contains **installation files for PC and Mac** users who want to install the maps on their computers for trip planning or for transferring maps to older Garmin units such as the 276c, 76csx, previous generation eTrex, etc.

The map growth is organic in nature. We processed **410 data submissions for version 23.05**. These data submissions not only contribute more roads and POI's to the map, it also improves the quality of existing data by means of corrections. The overall road coverage has increased by **0.9%** from **22.10**.

Map Coverage

- **1 410 773km** of roads, detailed tourist coverage and fully navigable (0.9% increase from 22.10)
- **266 006** points of interest (3.3% increase from 22.10)
- Most complete and detailed **protected areas (national parks, game reserves, private nature reserves etc.)** in Africa – **2 580 parks** in total.
- **18 353 accommodation** listings (3.1% up from 22.10)

- **4 712 camp sites**, **the most complete camping data base in Africa**
(1.8% up from 22.10)
- **8 455 places to eat or drink** (up 2.1% from 22.10)
- **15 332 fuel stops** (0.3% up from 22.10)

Change log from selected data submissions

Following the success of incorporating farm boundaries and names into the South African map, we also did a similar project for **Namibia**. The latest map will indicate farm boundaries and names for Namibia and as a result there was a 42% increase in the number of POI for Namibia.

We also updated **road surfaces in Namibia**.

Our focus on **Zimbabwe** continues as we are researching the country for our new self-drive guide. Many services are being added across the country. We are also in the process of updating the road networks of the parks. These areas are being driven by teams we support and work with.

In **East Africa** we updated many roads and route numbers, especially in **Uganda**. **Nairobi** street network was updated to reflect latest changes. We are also in the process of updating the campsites of **Tanzania**, following reports that many campsites have closed down during Covid. This project is ongoing.

The road network of **Malawi** has also been updated with some new roads added to our map.

In **Zambia** we revised the North Luangwa National Park roads and added new tourist routes and camps.

Tracks4Africa 23.05 Specific Updates

General

- Namibia farm boundaries and names added
- Eastern Africa road surface, type updates and new roads added
